

October 28, 2025

To: Citizens of Union County South Carolina  
 From: County of Union Staff  
 Subject: Resources for Union County SC

Due to the Federal Government shut down, it has been reported that the Supplemental Nutrition Assistance Program (SNAP) benefits will end on Saturday, November 1. While there is always hope that our Federal Government will resume operations prior, Union County has 4,548 SNAP recipients, almost half of these are between birth – 18 years of age. We are also aware that those within the military and other Federal Government employees are no longer receiving pay.

Whether one is receiving Federal assistance, a member of the military, or a Federal employee, Union County is fortunate to have resources available to assist our citizens in the interim during this Government shut down. Attached is a list of resources available to our citizens should any need them.

**2025 Union County Resources Guide**
