Please note the Office of Human Resources does not make hiring decision for Union County. Our office handles the collection of applications and resumes from candidates for employment opportunities that are available with the County. We do not provide updates on the status of the hiring process for posted positions; other than confirmation of the position still being an active posting.

Some positions warrant continuous postings in order to maintain an active pool of applicants. Meaning, there are postings that will continuously remain on the website and applications will be accepted for them; however, there may not be active openings or interviews being scheduled at the time. You may still apply for the positions, but there may be an extended period of time before you are contacted concerning your application. Positions that may have continuous posting are:
Law Enforcement Officers, Detention Officers, 911 Dispatchers, Emergency Medical personnel, Equipment Operators and Recycle Attendants, and Elections or Parks & Recreation Seasonal positions.

When applying for employment as a Deputy, Detention Officer or a Code Officer you are required to complete the online employment application, in addition to the personal history packet for the required law enforcement position. Packets are posted on the employment page.
